

### Madison Community Foundation Investment Objective

Madison Community Foundation's primary investment goal is to deliver long-term investment returns sufficient to cover both spending and inflation to preserve the purchasing power (or intergenerational equity) of the endowment portfolio. MCF seeks to achieve this goal through the following:

- Cost-effective implementation at an appropriate level of risk
- Diversification of asset classes and strategies to provide consistent returns
- Capital preservation in down market cycles to provide stability in spending support
- Long-term capital appreciation through the incorporation of risk-based assets, including non-marketable, illiquid alternatives

The MCF Investment Committee is appointed by the MCF Board of Governors, which maintains overall responsibility for the investment portfolio. The Investment Committee seeks to achieve the MCF investment objective through quarterly meetings to review investment performance and tactical asset allocations. The committee includes Board members and community volunteers:

Ron Mensink, Chair	<i>State of Wisconsin Investment Board (Ret'd)</i>	Blaine Renfert	<i>Sub-Zero Group, Inc.</i>
Anna Burish	<i>UBS Financial Services, Inc.</i>	E.G. Shramka	<i>SVA Certified Public Accountants</i>
Chuck Carpenter	<i>State of Wisconsin Investment Board (Ret'd)</i>	David Stark	<i>Stark Company Realtors</i>
Gary Mecklenburg	<i>Northwestern Memorial HealthCare (Ret'd)</i>	Noble Wray	<i>Madison Police Department (Ret'd)</i>
Tom Olson	<i>University of Wisconsin Foundation</i>	Roberta Gassman	<i>Ex-Officio, Board Chair</i>
Sebastien Plante	<i>UW School of Business</i>		

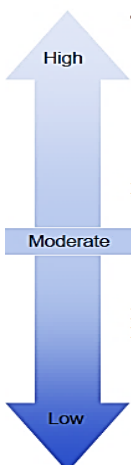

### Commonfund Asset Management Company

MCF employs Commonfund Asset Management Company (COMANCO) as its Outsourced Chief Investment Officer (OCIO) for its largest endowment portfolio. COMANCO has created a customized investment strategy based on MCF's risk tolerance, return targets, operational needs and other factors and requirements.

COMANCO services include investment policy review; portfolio construction, asset allocation and rebalancing; manager selection; risk management assessment and reporting. Commonfund also provides education and research on topics such as investments, economics, risk management and governance.

COMANCO balances active management with passive strategies - making asset allocations by creating different scenarios that balance the opportunity for growth with its associated risks, and considering the most likely outcomes as well as potential tail risks. It employs a variety of asset managers utilizing the most efficient vehicles.

### MCF Endowment Asset Allocation Detail

- Public Equity**  
 Growth-focused investments in traditional, liquid global stocks
- Fixed Income**  
 Deflation-hedging investments in core, global and high yield corporates, mortgages, sovereign debt, etc.
- Diversifying Strategies**  
 Marketable alternative strategies capable of producing consistent, uncorrelated positive returns regardless of the direction of the broader markets
- Private Programs**  
 Growth-focused, illiquid investments in private equity, venture capital, private credit, natural resources, and opportunistic real estate
- Real Assets**  
 Inflation-hedging investments in core real estate, REITs, and public natural resources

**Risk & Return Summary | 03/31/2006 - 6/30/2021**

**Definitions**

**Standard Deviation:** statistical measure of the degree to which a value in a probability distribution tends to vary from the mean of the distribution; the larger the standard deviation, the greater the degree of dispersion around the average value.

**Sharpe Ratio:** risk-adjusted measure, calculated using standard deviation and excess return to determine reward per unit of risk. The higher the ratio, the better a fund's risk-adjusted performance.

**<sup>1</sup>Policy Benchmark:**

**Current:** 49.0% MSCI ACWI; 6.0% Burgiss Private Capital Composite; 23.0% Bloomberg Barclays U.S. Aggregate Bond Index; 7.0% ICE BAML High-Yield Index; 3.0% Burgiss Private Natural Resources Composite; 3.0% S&P Global LargeMidCap Commodity and Resources Index; 9.0% NCREIF ODCE (Lagged)
